About Us

One Touch Ceramic is a premium ceramic and vitrified tile brand committed to delivering style, strength, and innovation in every surface we create. With a passion for design excellence and advanced manufacturing, we bring world-class tiles that enhance homes, commercial spaces, and architectural projects.

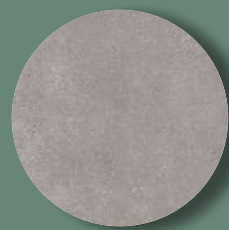

Driven by technology, guided by design, and inspired by trust, One Touch Ceramic stands as a reliable partner for architects, designers, builders, and homeowners who seek beauty with long lasting value.

Our collections are crafted with precision, offering superior quality, durability, and elegant aesthetics that suit modern lifestyles. From luxurious marble finishes to contemporary textures and large-format slabs, every tile from One Touch Ceramic reflects perfection in detail and performance.

Texture You Can Feel, Quality You Can See

Precision, design, and professional standards. "Every great structure begins with a vision, and every vision requires a foundation of absolute precision.

Our ceramic collection is engineered for the modern architect who views a floor not just as a surface, but as a canvas. By blending the organic soul of natural stone with the mathematical exactness of modern manufacturing, we provide a tiling solution that anchors your space in elegance.

From high-traffic commercial halls to minimalist residential retreats, our tiles offer the structural integrity and aesthetic clarity that professionals demand

More Than
A Floor
A Statement

Our tiles represent the intersection of raw geological beauty and refined human craftsmanship. Inspired by the deep, flowing veins of natural stone, each piece is designed to be more than just a surface it is a foundation for luxury.

Whether you are designing a high-traffic commercial space or an intimate residential sanctuary, our ceramics offer a timeless aesthetic that anchors your vision in elegance

Timeless Surfaces Modern Elegance

This premium tile collection captures the beauty of natural stone with a modern, refined touch. Soft marble veins, rich dark textures, and subtle surface details come together to create a perfect balance of elegance and strength. The calm, neutral shades make the space feel open, sophisticated, and timeless, suitable for both classic and contemporary interiors.

Crafted for versatility, these tiles enhance floors and walls with a seamless blend of light and deep tones. The smooth finish and realistic stone patterns add depth and character, allowing designers to create warm living spaces, stylish commercial areas, and luxurious architectural environments with equal impact.

Pure Opulence in Every Detail

Available in versatile sizes of 600×1200, 600×600, and 800×800, this collection is designed to suit every layout and design vision. From expansive floors to statement walls, each size offers flexibility to create seamless, well-proportioned spaces with a premium architectural feel.

Choose from a refined range of surface finishes—Glossy for a bright, luxurious shine, Matt for a calm and contemporary look, Satin for soft elegance with subtle sheen, and Sugar for a rich textured touch that adds depth and character. Together, the right size and the right surface come together to craft interiors that are stylish, balanced, and timeless.
